Approved by AICTE, New Delhi and Affiliated to GTU, Ahmedabad.

Report on MoU Signing between '1Rivet' and 'Vidyabharti Trust College of Master in Computer Application', Umrakh

On May 2nd, 2024, a Memorandum of Understanding (MoU) was signed between Vidyabharti Trust College of Master in Computer Applications (MCA, MBA & IMSc.IT) and 1Rivet, a leading IT company based in the USA. This significant partnership aims to bridge the gap between academia and industry to promote skill development, outcome-based training, and enhance placement opportunities for students.

The primary goal of the collaboration is to bring industry expertise and academic knowledge together, fostering a robust learning environment for students. The partnership will focus on hands-on training, advanced research, and development (R&D) services, ensuring that students are industry-ready upon graduation. 1Rivet will provide technical expertise and resources to help students acquire practical, in-demand skills in IT and related fields. This will include specialized workshops, live projects, and mentorship programs led by industry professionals.

Vidyabharti Campus, At & Po. Baben, Taluka : Bardoli, District : Surat, Pin code : 394601, Gujarat, India

The partnership emphasizes outcome-based education, aligning the curriculum with real-world industry needs. This approach will enhance the employability of students, equipping them with the skills that are highly sought after by top IT companies. As part of the MoU, 1Rivet will assist in creating a streamlined placement process, ensuring that students have access to job opportunities at global IT firms. The company will also provide guidance on career development and soft skills, improving students' chances of securing positions in prestigious organizations. The collaboration will also include joint research and development initiatives. Students will have the opportunity to work on cutting-edge technologies alongside 1Rivet's R&D teams, gaining exposure to real-world problem-solving and innovative solutions.

Conclusion: The event marked the beginning of a promising partnership, aimed at creating a strong synergy between academia and industry, and setting the stage for new opportunities in skill development and employment for students. The MoU between Vidyabharti Trust College and 1Rivet sets a promising precedent for future collaborations, ensuring students are better prepared for the challenges of the global IT workforce. With a focus on practical knowledge, industry engagement, and innovation, this partnership will play a vital role in shaping the careers of future graduates.
